### The CZ story

The company was founded in 1936 starting with production of a combined assortment of military and civilian firearms. The first products were anti-aircraft machine guns, military pistols and small bore rifles. The current line of Česká Zbrojovka products includes sporting and hunting firearms as well as duty weapons for armed forces, police and other armed units. Common features of all firearms manufactured by Česká Zbrojovka are their high quality standard, long-term reliability and accuracy.

In 1997 Česká Zbrojovka established a permanent presence in the United States with the founding of CZ-USA. Česká Zbrojovka and CZ-USA continue to expand and dominate the small arms market worldwide, with military, police, defensive, sporting and recreational firearms. Due to the popularity of the CZ name and quality products, ActionSportGames is proud to be the sole worldwide Licensee for the CZ Trademark when it comes to the Airsoft replication of CZ products.
